WHAT IS VERSATILE TREC??

A Versatile TREC Horse competition is a three phase competition with set riding times but without the orienteering.

Phase 1. Obedience Test - this is ridden in a 20 x 40 dressage arena and the emphasis is on accuracy and obedience of the horse rather than paces & way of going. The test may include movements such as rein back and immobility for specific number of seconds. Marks are given to a maximum of 10 for each movement . **Tests are printed in this schedule**

Phase 2. Control of Paces (MA) in this phase the horse & rider canters/trots as slowly as possible along a 2m wide marked track which may or may not be a straight line. Once the horse has completed the canter/trot they then walk as fast as they can back along the track. Breaking pace or stepping outside the track it is zero points for that pace. It is scored on a sliding scale up to a maximum of 15 points for each pace.

Phase 3. Obstacle Course (PTV) In this phase there is a course of 10 obstacles that simulate what you might find out hacking - for example gate, narrow path, low branches etc. You may decline to do any obstacle without being eliminated but must inform the obstacle judge. Each obstacle has a maximum of 10 points. You may walk the course at the beginning of each class.

Competitors have start times for each section of the competition.

Obstacle Data / Scoring Sheets for each obstacle will be displayed on the day. You can also find them online at www.trecgb.com/documents/4theditionRulebook1Feb2018-1614.pdf on page 62 of book
